

# Command Net

The Louisiana Standard for Emergency Operation Command Centers

[www.commandnetinc.com](http://www.commandnetinc.com)

# Agenda

- Who is Command Net?
- Why Command Net?
- Benefits for Command Centers
- Command Net Funding

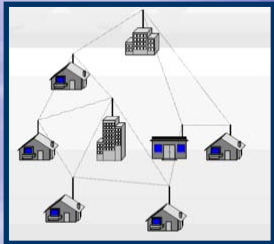

# Who is Command Net?

- Command Net is a Louisiana company based in Lafayette and operates as a division of Intermedia Technologies. We provide an all encompassing 21<sup>st</sup> Century solution for Command and Control Centers both mobile and stationary.
- Command Net has brought together the best technology and system integration the U.S. has to offer. With a combined effort of Louisiana state official's, first responders, EOC directors and technology venders, Command Net was birthed as the standard in survivable command centers.

# Command Net Interoperability

# Why Command Net?

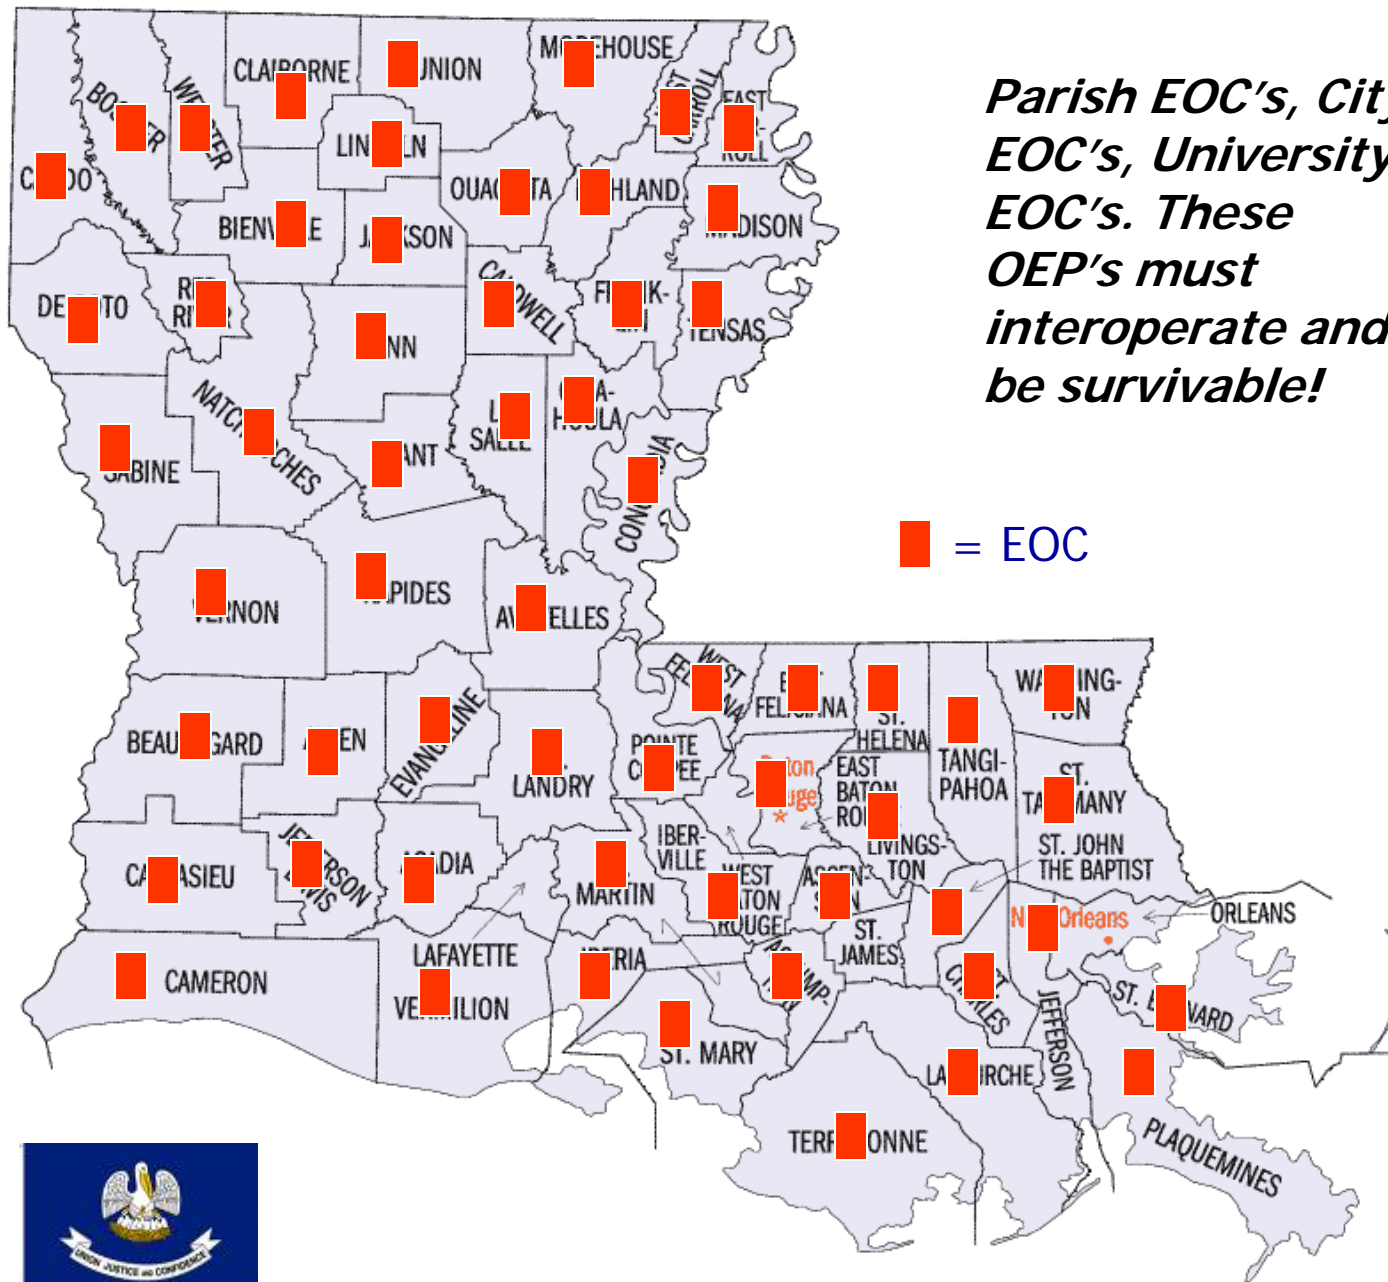

- Offers a working survivable solution
- One stop source for a complete system
- Standardizes all EOC communications and equipment
- Proven State Vender with over 500 Multimedia Installations
- Complies with the Federal and State Emergency Operation Plan
- Equals and exceed the functionality of the State GOHSEO in Baton Rouge

# Excerpt from the LA State plan

- " *The State requires all parish governments to have EOC's* from which the parishes can manage emergency operations at the parish level and communicate with the state EOC to ensure close cooperation in emergencies and disasters. " Basic Page 2, Section A, Item 7

# Benefits for Command Centers

- Creates a standard for Louisiana EOC's
- Stops piecemeal solutions
- Makes all EOC's interoperable
- Makes all EOC's Survivable
- Streamline funding under one standard

*Parish EOC's, City EOC's, University EOC's. These OEP's must interoperate and be survivable!*

# Funding Sources

- Federal Emergency Management Agency
- GOHSEP
- Homeland Security
- State Funding
- Parrish EOC Funding
- City Funding
- Private Funding

# Summary

- Command Net provides complete solution for Louisiana EOC standard
- Louisiana, through Command, Net provides a interoperable survivable EOC network that is second to none in the country
- The state is better prepared for the next disaster and as a result, the citizens of Louisiana are safer.
